

On macOS:

```
./autolisp --briscad ./source.lsp >output.txt 2>errors.txt ; echo $?
```

On MS-Windows:

```
export AUTOCAD_ACCORECONSOLE="C:/Program Files/Autodesk/AutoCAD 2025/accoreconsole.exe"  
./autolisp --autocad ./source.lsp --dwg ./tests/blank.dwg >output.txt 2>errors.txt ; echo $?
```

```
export BRICSCAD_EXE="C:/Program Files/Bricsys/BricsCAD V26 en_US/briscad.exe"  
./autolisp --briscad ./source.lsp >output.txt 2>errors.txt ; echo $?
```
